

## How can we better serve North Carolina's veterans?

**8**00,000 veterans represent more than just a large percentage of our population. They are names, faces, stories, heartbreaks and triumphs in the defense of our nation. Veterans are committed patriots that have willingly chosen to sacrifice for their fellow citizens. "We the people" have a sacred trust to honor, respect and care for these heroes.

The North Carolina Division of Veterans Affairs (NCDVA), under guidance from the North Carolina Secretary of Administration, William Daughtridge, and North Carolina Governor Pat McCrory has undertaken the important mission of making North Carolina "The State of Choice for Veterans."

In accordance with this mission, NCDVA has launched an agency-wide effort to be more transparent, data driven and accountable to the veterans, family members and citizens of the State of North Carolina.

The goal of this inaugural NCDVA Annual Report, and the editions that will follow, is to better understand and track the performance and impact of the veteran population and the Federal, State, County and Volunteer organizations that support them in our state. Going forward, NCDVA will work harder to streamline processes and maximize efficiencies with all partners that support our treasured veterans.

In that spirit of cooperation, no report on veterans would be complete without acknowledging and thanking our partners at the Veterans Administration (VA), the North Carolina Department of Health and Human Services, the North Carolina Department of Commerce, the North Carolina Department of Public Safety including the Governor's Crime Control Commission which has recently established the state's first "Veterans Court" and the 12,000 men and women of the North Carolina National Guard.

Special mention must also be given to the Volunteer Veteran Service Organizations and Non-profit Organizations that have been tending to our veterans in ways that no one else can: the Disabled American Veterans, the American Legion, Veterans of Foreign Wars, AmVets, Military Order of the Purple Heart, Vietnam Veterans of America, National Association of Black Veterans, Marine Corps League, Fleet Reserve Association, Military Officers of America Association, NC National Guard Association, North Carolina's myriad County Veteran Service Officers and all the other concerned citizens groups, like the Elks, that give generously of their time and treasure to try and improve the lives of our veterans.

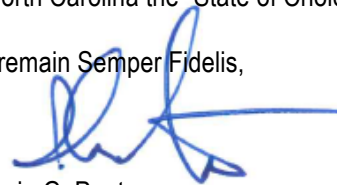

Thank You, from the bottom of our hearts.

"How can we serve our veterans better?" can only be answered when we have an accurate picture of where we stand given the data available. This 2013 NCDVA Annual Report is our first effort to begin benchmarking our performance and I welcome your feedback and recommendations to make this report more useful.

The initial pages of this report outline the federal investment made by the VA on a per-county and per-congressional district basis. The pages that follow give an overview of NCDVA and its performance. Future editions will give a yearly update and track changes and trends but this inaugural edition will give a snapshot of the past ten years.

Caring for our warriors is personal for me so please, share your feedback as we work together to make North Carolina the "State of Choice for Veterans."

I remain Semper Fidelis,

Ilario G. Pantano

Director

North Carolina Division of Veterans Affairs

**Notes:**

\* Veteran population estimates, as of September 30, 2012, are produced by the VA Office of the Actuary (VetPop 2011).

# Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment

\*\* Unique patients are patients who received treatment at a VA health care facility.

1. Expenditures are rounded to the nearest thousand dollars. For example, \$500 to \$1,000 are rounded to \$1
2. The Comp & Pension dollars include: veterans' compensation for service-connected disabilities; burial and other benefits
3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, etc.
4. Medical Care expenditures are based on where patients reside instead of where care is given.

# North Carolina Division of Veterans Affairs Operations

## *“Working to make North Carolina the State of Choice for Veterans”*

The purpose of the North Carolina Division of Veterans Affairs (NCDVA) is to assist veterans, their families and their dependents, in obtaining or maintaining privileges and benefits they are entitled under Federal, State or local laws. Also, it “shall be the duty of the Department to train, assist, and provide guidance to the employees of any county, city, town, or Indian tribe who are engaged in veterans service.”

Core Functions of NCDVA are a combination of state mandates and federal Veterans Administration (VA) missions. **While the state of North Carolina has invested \$139 million in veterans services over the past 10 years, the state principally acts as a conduit and facilitator to the federal VA and DoD programs which in 2012 alone accounted for \$6.36 Billion\*.**

- \$2.29 Billion in VA compensation and pension (4<sup>th</sup> Highest in the U.S.)
- \$4.02 Billion in total VA investment including, healthcare construction, education and Compensation

Furthermore, the military-friendly environment of North Carolina has resulted in 90,000 military retirees making North Carolina their home (6<sup>th</sup> highest in the U.S.).

- \$2.16 Billion is the economic impact of the DoD pensions alone and does not include ancillary business and work activities of these highly skilled retirees.

**\*\$6.36 Billion is the combined VA and DoD federal investment in North Carolina Veterans in 2012**

## **NCDVA AT A GLANCE:**

NCDVA operates a network of thirteen (13) District Offices across North Carolina, a State Service Office in Winston Salem (processing hub), and staff in Raleigh to support and provide training for state and county service officers.

Each District Office has 1 – 3 accredited veterans’ service officers and 1 or more veterans’ service technicians that are accredited to assist veterans and their families.

### **NCDVA has 90 Full Time Employees (FTEs).**

- ❖ 72 FTEs are funded by appropriations.
- ❖ Eight State Veterans Homes State Employees are paid by receipts.
- ❖ Ten FTEs from the Cemetery system are paid by receipts.

- 13 District Offices – from Canton to Elizabeth City
- File claims for all federal and state benefits for veterans and their dependents
- Train County Veterans Service Officers

- Provide assistance to all Counties – act as County Service Officer for the 10 counties with no county service officer and the 20 plus counties that are part time.
- State Service Office in Winston Salem serves as central hub for processing VA claims
- Provide hearing representation for all North Carolina Veterans that request our assistance
- Coordinate with the US Department of Veterans Affairs in resolving claims issues
- Work with all County and District Service Office responding to inquiries
- Training coordinator – provides updated required training materials for all county and District service officers maintain accreditation; continuing education credits
- Currently have 34 county and district service officers in training

## **North Carolina's Commitment to Veterans**

**TEN YEAR INVESTMENT: \$148,117,088**

**Veterans Affairs & Advocacy \$ 66,339,489**

- Advocacy via State and County Service Officers

**Scholarships \$ 71,558,299**

- Scholarships are for the children of War Veterans. Escheats = \$ 61,698,607 and Appropriations = \$ 9,859,692

**Veterans Nursing Homes \$ 9,207,300**

- Four Facilities that provide top-tier 24/7 nursing care for veterans

**Veterans Cemeteries \$ 1,012,000**

- Three State Cemeteries with a fourth in development

#### Veterans Affairs Scholarships (Appropriations + Escheats)

Since July 2002, the North Carolina Division of Veterans Affairs has awarded 2,528 competitive scholarships funded by Escheats\* and 2,611 Scholarships funded by appropriations. The Escheats scholarships are considered "full rides" with the exception of books while the appropriated scholarships are more limited in nature. Scholarships pay tuition, mandatory fees, and a room and board rate at each of the 16 campus UNC system schools. Tuition, mandatory fees, and a set room and board fee are also paid for community colleges.

\*In 2001, working with the Office of State Budget and Management, the NC Division of Veterans Affairs began funding the competitive scholarship classes from escheats. The competitive classes are considered as "needy and worthy." The competitive classes are first based on financial need and then on academics.

This scholarship program is for North Carolina War Veterans based on residency and within a certain class or category of deceased, disabled, combat or POW/MIA veterans.

- This scholarship program is only valid at North Carolina schools.
- Scholarship recipients attending North Carolina approved private schools shall be granted a monetary allowance.
- The scholarship is for 8 academic semesters. Effective July 1, 2014 the applicant will have 6 years to utilize the 8 academic semesters.
- Effective January 1, 2014 all scholarship classes have a minimum 2.5 GPA to receive the scholarship and must maintain the 2.5 GPA throughout the life of the scholarship.
- Beginning July 2014, the room and board charges will be limited to 75% of university current cost.
- For the past several years, all other scholarships and grants are first applied to the cost of education at the community colleges and universities prior to applying the NC Division of Veterans Affairs scholarship.

## North Carolina State Veterans Homes (VA Nursing Homes)

The State Veterans Homes provide high quality care to veterans.

### To be eligible, a veteran must:

- Have served in the Armed Forces (for other than training purposes)
- Have been discharged under honorable conditions
- Have been a resident of North Carolina 24 months prior to admission
- Be referred by a licensed physician and be in need of skilled nursing care

The General Assembly appropriated funds as required to obtain USDVA matching construction grants for the current four (4) State Veterans Homes. The USDVA paid for the majority of the homes' development. There are no appropriated funds for the daily operation of these homes.

State homes are fully operated by a private contractor **employing approximately 750 healthcare workers across the state.** Only one (1) state employee is located at each facility. Each state employee is funded by receipts.

These homes are receipts based paid for by the residents from various sources of payers – a per diem

is received for each qualified Veteran from the US Department of Veterans Affairs; other receipt sources include: Medicaid, Medicare, private insurance, VA compensation/pension benefits, and private pay. Private pay can include a resident's social security benefits, retirement benefits, military retirement etc.

### Four (4) State Veterans Homes:

Fayetteville	150 bed facility
Salisbury	99 bed facility
Kinston	100 bed facility
Black Mountain	100 bed facility

## VETERANS CEMETERIES

The primary mission of the NCDVA Veterans Cemeteries is to provide a free burial plot to a North Carolina Veteran and their legal spouse and dependents under certain conditions. The veterans must be discharged under honorable conditions and meet certain residency requirements. There are both receipts and appropriated funds used in the operation of these cemeteries.

The General Assembly has appropriated monies for matching funds for grants for new cemeteries and the expansion of current cemeteries. Most recently is appropriations of \$600,000 for a cemetery in Wayne County. The full grant has been conditionally awarded by the VA and we are moving forward with the process to establish a cemetery in the Goldsboro area.

**15 employees are assigned to the three cemeteries, 10 are paid from receipts.** The US Department of Veterans Affairs pays \$734 per burial of a veteran and provides a head marker. The burial of a legal spouse or certain eligible dependents cost is \$400. The US Department of Veterans Affairs provides a head marker for the legal spouse or certain eligible dependent.

### Western Carolina State Veterans Cemetery (Black Mountain)

2013 total: 363 burials  
245 veteran burials  
118 dependent burials

### Coastal Carolina State Veterans Cemetery (Jacksonville)

2013 total: 288 burials  
198 veteran burials  
90 dependent burials

### Sandhills State Veterans Cemetery (Fayetteville)

2013 total: 385 burials  
283 veteran burials  
102 dependent burials

## A faint, light gray outline of a map of the United States, centered on the page. The map shows the continental United States, including Alaska and Hawaii. The outline is very light and serves as a background element.
